

FY2010 FINANCIAL RESULTS GUIDANCE

In accordance with Listing Rule 3.1 relating to continuous disclosure requirements, Triangle Energy (Global) Limited (Triangle Energy) advises that the following results are expected for the full year ended 30 June 2010:

- Revenue from operations of approximately A\$12 million – A\$14 million; and
- EBITDA from operations of between A\$6 million – A\$7 million

The variance on the previous year is due to the Company's acquisition of Triangle Energy Limited (TEL) in November 2009.

TEL's wholly owned subsidiary Triangle Pasa Inc (TPI) is the 100% owner and operator of the Pasa Production Sharing Contract (PSC) in North Sumatra, Indonesia.

Unexpectedly strong gas production has resulted from reconnecting three wells at the Pasa A & B Field which has led to stronger financial performance in 2009/10 compared to the previous financial year.

The Company's accounts have not yet been audited.

About Triangle Energy:

Triangle Energy is a gas production and exploration company based in Perth. Its wholly-owned subsidiary, TPI, is based in Jakarta and is the 100% holder and operator of the Pasa PSC which covers an area of 922km² in Aceh Province, North Sumatra, Indonesia.

Triangle Energy has three producing wells. It has been cash-flow positive since early 2010 and continues to operate profitably. Approximately 90% of the gas produced is sold at premium LNG prices. The Pasa PSC has considerable exploration and development opportunities which Triangle Energy will pursue once a 20 year PSC renewal is granted. Triangle Energy is continuing to review further acquisition opportunities in the area.
