IMPORTANT INFORMATION CONCERNING PROXY VOTES ON RESOLUTIONS 3 TO 7 AND 11

The Corporations Act places certain restrictions on the ability of Key Management Personnel and their closely related parties to vote on resolutions connected directly or indirectly with the remuneration of the Key Management Personnel. Their closely related parties are defined in the Corporations Act, and include certain of their family members, dependants and companies they control.

For these reasons, Shareholders who intend to vote by proxy should carefully consider the identity of their proxy and consider appointing someone other than one of the Key Management Personnel, as such persons may not be able to vote undirected proxies. Shareholders are also encouraged to direct their proxy as to how to vote on Resolutions 3 to 7 inclusive and 11. If you do not do so, you risk your vote not being cast.

With the exception of proxies held by the Chairman, undirected proxies held by relevant Key Management Personnel or their closely related parties will not be voted on Resolutions 3 to 7 inclusive and 11. Undirected proxies held by the Chairman will be voted in favour of Resolutions 3 to 7 inclusive and 11, in accordance with the statement below and on the proxy form that the Chairman intends to vote undirected proxies in favour of all Resolutions.

This Explanatory Statement should be read in conjunction with the accompanying Notice of Annual General Meeting. Please refer to the end of this Explanatory Statement for a glossary of terms.

Financial and Other Reports

The Corporations Act requires the Directors to lay before the Annual General Meeting the Financial Statements, Directors' Report and Auditor's Report for the financial year ended 30 June 2016.

These reports are contained in the Company's Annual Report for the year ended 30 June 2016, which has been provided to Shareholders and is available on the Company's website at www.triangleenergy.com.au.

As required under section 250PA of the Corporations Act, the Company will make available at the Annual General Meeting those questions directed to the auditor and received by the Company by 5:00 pm (WST) on 23 November 2016, being questions that the auditor considers relevant to the content of the Independent Auditor's Report or the conduct of the audit of the Financial Report. Every endeavour will be made during the Annual General Meeting to answer questions submitted by Shareholders. However, depending on the number and types of questions received, it may not be possible to respond to every submitted question, either at or after the Meeting.

Please submit any other questions you may have by mail to Triangle Energy, PO Box 337, Cottesloe WA 6911 or by fax on +61 8 9385 5184 so that it is received by no later than 5.00 pm (WST) on 23 November 2016.

RESOLUTION 1 - Re-election of Mr Darren Bromley as a Director

According to the Constitution, any Director appointed since the last general meeting shall automatically retire and be eligible for re-election.

Thereafter, according to Rule 11.1 of the Constitution, every year one third of Directors, or if their number is not three or a multiple of three, then the number nearest one-third, and any other Director not in such one-third who has held office for three years or more (except the Managing Director), must retire from office.

At this meeting Mr Daren Bromley automatically retires in accordance with Rule 11.1(c) of the Constitution. Background information regarding Mr Bromley is provided below:

Mr Darren Bromley

Mr Bromley was Chief Financial Officer (**CFO**) of the Company from April 2010. He was elected as a Director on 20 November 2014 and continues to discharge CFO duties for the Company. He was appointed Company Secretary on 29 June 2012 and continues as Company Secretary.

He holds a Bachelor of Business Degree in Finance, a Master of e-Business and has a great depth of business management and financial experience.

His experience includes financial modelling and analysis, capital raisings, business development, company administration and management. His executive capacity at Triangle Energy includes finance and business development.

Mr Bromley has previously held CFO positions at ASX listed entities Prairie Downs Metals Ltd and QRSciences Holdings Limited and numerous Company Secretary positions.

Mr Bromley does not have, and in the past 3 years has not had, any other listed company directorships.

Directors' recommendation and voting intentions of Chairman

The Directors, other than Mr Bromley, recommend that Shareholders vote in favour of Resolution 1. The Chairman intends to vote all undirected proxies in favour of Resolution 1.

RESOLUTION 2 – 25:1 consolidation of Shares

The Company proposes to consolidate its share capital through the conversion of every 25 Shares into one Share.

Under section 254H of the Corporations Act, a company may consolidate its shares if the consolidation is approved by an ordinary resolution of shareholders at a general meeting.

The Company currently has on issue 3,495,592,325 Shares and 150,000,000 unquoted Options exercisable at \$0.0015 by 30 June 2017.

The Directors believe it appropriate to rationalise the number of Shares and Options on a 25 to one basis. In recent months the Shares have traded either at \$0.001, \$0.002 or \$0.003, with no increments in between these prices. The proposed 25:1 consolidation will allow the Shares to trade at higher prices, with reasonable price increments.

Current holding statements for your Shares will be replaced by new holding statements, showing the number of Shares you hold following the consolidation.

(a) Fractional entitlements

The Board has decided that where a holding of Shares or unquoted Options is not divisible by 25, resulting in a fractional holding post consolidation, that holding will be rounded up to the nearest number, subject to Shareholders not dividing their holdings to take advantage of the rounding up.

(b) Effect of consolidation

If the consolidation proceeds, the number of Shares on issue will be approximately 139,823,693, subject to rounding. Theoretically, the share price will increase by a factor of 25 post consolidation, however the Company's Shares are subject to many market forces and risks, and there can be no guarantee of the Share price over time.

As required by the Listing Rules, the number of unquoted Options on issue will be divided by 25, resulting in 6,000,000 Options on issue, and the exercise prices will be multiplied by 25 to \$0.0375. All other terms of the Options will remain the same.

(c) Timetable for consolidation

An indicative timetable for the consolidation process is set out below, in accordance with Appendix 7A part 8 of the Listing Rules.

Event	Date
AGM, and notification to ASX of results of AGM	30 November 2016
Last day for trading in pre-consolidated securities	1 December 2016
Deferred trading of Shares commences	2 December 2016
Last day to register transfers on a pre-consolidation basis	5 December 2016
First day for Company to send notice to Shareholders of change of holding as a result of consolidation	6 December 2016
First day for Company to register Shares on a post consolidation basis	
Issue of new holding statements and despatch date	12 December 2016

Directors' recommendation and voting intentions of Chairman

The Board recommends that Shareholders vote in favour of Resolution 2. The Chairman intends to vote all undirected proxies in favour of Resolution 2.

RESOLUTION 3 - Approval of TEG Employee Share Option Plan

The Company proposes to adopt the TEG Employee Share Option Plan (**ESOP**), allowing the Company to grant Options to acquire Shares to selected employees of the Company or any Subsidiary of the Company, subject to satisfying certain vesting conditions set down at the time of the offer to participate in the ESOP. These Options will be granted in accordance with the rules of the ESOP.

The purpose of the ESOP is to provide eligible persons with an opportunity to share in growth in the value of the Shares and to encourage them to contribute to the performance of the Company and its return to Shareholders. A summary of the ESOP rules is set out at Annexure A to this Explanatory Statement.

The ESOP has been prepared in order to provide Directors with flexibility to incentivise employees in a potentially tax-effective manner.

The Company seeks to obtain a three year approval for the ESOP under Listing Rule 7.2, exception 9. The effect of the approval would be that for the next three years the issue of Options under the ESOP will not reduce the number of Equity Securities that may be issued by the Company without Shareholder approval under the 15% placement capacity under Listing Rule 7.1; any such issue will instead add to the number to which the 15% calculation is applied, thus increasing the number of Equity Securities that may be issued by the Company under the 15% placement capacity.

No Options have yet been issued by the Company under the ESOP.

The issue of Options under the ESOP to Directors (and any of their associates) will still require shareholder approval under Listing Rule 10.14 and possibly for other purposes. Further, the issue of Options under the ESOP will also remain subject to the terms of the ESOP. For further information on these terms, please refer to Annexure A.

A copy of the ESOP rules is available to members on request to the Company Secretary.

Recommendation

The Directors and their associates are excluded from voting on Resolution 3. Accordingly, the Directors make no recommendation in relation to Resolution 3.

RESOLUTION 4 – Renew approval of TEG Employee Rights Plan

The TEG Employee Rights Plan was last approved by Shareholders at the 2013 AGM. The Plan allows the Company to issue Rights to selected employees of the Company or any Related Party of the Company, subject to satisfying certain performance and other conditions set down at the time of offer.

Directors consider Rights to be an important component of TEG's employee remuneration. The Plan has been prepared in order to provide Directors with flexibility to incentivise employees in a potentially tax-effective manner.

The Company seeks to refresh the three year approval for the Plan under Listing Rule 7.2, exception 9. The effect of the approval would be that for the next three years the issue of Rights will not reduce the number of Equity Securities that may be issued by the Company without Shareholder approval under the 15% placement capacity under Listing Rule 7.1; any such issue will instead add to the number to which the 15% calculation is applied, thus increasing the number of Equity Securities that may be issued by the Company under the 15% placement capacity.

The issue of Rights to Directors and their associates will still require Shareholder approval under Listing Rule 10.14.

The Company presently has no Rights on issue.

Since the last approval the Company has issued the following Rights under the Plan:

- 106,061,089 that vested immediately in lieu of salaries and Director's fees.

Since the last approval the Company has cancelled the following lapsed Rights under the Plan:

- 68,750,000 that would have vested upon grant to the Company of the Pase PSC by 31 August 2014; and
- 18,000,000 that would have vested upon satisfaction of project acquisition criteria in Indonesia, Morocco or Australia by 31 August 2014.

A possible disadvantage, if Resolution 4 is passed, is the dilutory effect on the Company's Share price if the vesting conditions are satisfied, due to the increased number of Shares on issue.

A summary of the Plan rules is attached as Annexure B to this Notice of Meeting. A copy of the Plan rules is available to Shareholders on request to the Company Secretary.

Recommendation

The Directors and their associates are excluded from voting on Resolution 4. Accordingly, the Directors make no recommendation in relation to Resolution 4.

RESOLUTIONS 5 – 7 - Approval of Issue of Rights to Directors

BACKGROUND TO RESOLUTIONS 5 - 7

Part A Remuneration

During most of 2015 and early 2016, the Directors relied on their own financial resources and personally funded Company operations in order to finalise the sale of the Indonesian Pase PSC opportunity. In addition, Directors managed an extensive legal process to maximise the value of the sale for Shareholders.

To preserve the cash resources of the Company and reward the Directors for the sale of the Indonesian Pase PSC opportunity and purchase of the Cliff Head oil field interest in the Perth Basin, each Director will receive a number of Rights, as set out below.

The Rights will be issued under the Plan rules approved by Shareholders at the AGM held on 27 November 2013.

Part B Summary of the Plan rules

A summary of the Plan rules is attached as Annexure B. A copy of the Plan rules is available to Shareholders on request to the Company Secretary.

Part C Provision of financial benefits to Related Parties

The issue of Rights to the Eligible Participants constitutes part of their remuneration and is designed to preserve the cash resources of the Company, reward the Directors for their work and align their interests with those of the Company and the Shareholders.

Section 208 of Chapter 2E of the Corporations Act provides that for a public company to give a financial benefit to a related party of the public company, the company must:

- (a) obtain the approval of the company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act. None of the exceptions are relevant in this case.

A "financial benefit" is defined in the Corporations Act in broad terms and includes a public company issuing Rights. For the purposes of this meeting, a "related party" includes a Director. Accordingly, the proposed issue of Rights to each of the Eligible Participants involves the provision of a financial benefit to a related party of the Company.

It is the view of the Directors that the exceptions to section 208 that are listed in the Corporations Act do not apply. Accordingly, the Directors have determined to seek Shareholder approval for the purposes of Chapter 2E of the Corporations Act for the issue of Rights to the Eligible Participants.

Part D Technical Information Required by Sections 217 to 227 of the Corporations Act

Information required by sections 217 to 227 of the Corporations Act in relation to the proposed issue of Rights to the Eligible Participants is set out below:

- (a) No cash consideration will be payable by an Eligible Participant to acquire Rights. Further, no cash consideration will be payable by an Eligible Participant for the acquisition of Shares upon exercise of a Right.

- (b) Subject to the Plan rules, one Right converts to one Share. The Shares will rank equally in all respects with the Company's existing Shares. Accordingly they will have the same dividend, voting and other rights as other Shares on issue. Quotation of the Shares will be sought from ASX.
- (c) The Plan rules are summarised in Annexure B. The Plan rules were last approved by Shareholders at the AGM held on 27 November 2013.

- (i) The issue price of the Rights will be \$0.001 per Right being the last trading price of the Shares on 6 October 2016:
- (j) The Rights will vest immediately.
- (k) Upon issue of the Rights to the Eligible Participants, the shareholding of existing Shareholders would be diluted as follows:

Eligible Participant	Number of Rights	Resulting Shares (maximum no.)	Value (\$)	% Dilution
Edward Farrell	15,000,000	15,000,000	15,000	0.42%

Total	165,000,000	165,000,000	165,000	4.72%

- (l) The Rights will be issued within 12 months of the AGM.
- (m) The Board does not consider that there are any opportunity costs to the Company or benefits foregone in issuing the Rights on the terms proposed, except for the dilution detailed in the table above.
- (n) The Board considers that the issue of Rights on the terms proposed will help to align the interests of the Eligible Participants with those of Shareholders, as the Board seeks to add value for Shareholders.

The Board (other than Mr Bromley) is not aware of any other information that would be reasonably required by Shareholders to allow them to make a decision whether it is in the best interests of the Company to pass the Resolution.

RESOLUTION 10 - Approval of additional 10% Placement Facility

Background

Listing Rule 7.1A enables an eligible entity to issue Equity Securities comprising up to 10% of its issued share capital through placements over a 12 month period after an annual general meeting (**10% Placement Facility**). The 10% Placement Facility is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity as at the date of this Notice and expects to be so at the date of the AGM. The Company seeks Shareholder approval by way of a special resolution to have the ability to issue Equity Securities under the 10% Placement Facility.

The exact number of Equity Securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (refer below).

The Company may use the 10% Placement Facility to acquire new resource assets or investments, or for exploration activities encompassing drilling and feasibility studies on the Company's projects, or for working capital purposes.

The Board believes that the 10% Placement Facility will be beneficial for the Company as it will give the Company the flexibility to issue further Securities representing up to 10% of the Company's share capital during the next 12 months.

Description of Listing Rule 7.1A

(a) Shareholder approval

The ability to issue Equity Securities under the 10% Placement Facility is subject to Shareholder approval by way of a special resolution at an annual general meeting.

(b) Equity Securities

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company.

The Company, as at the date of this Notice, has on issue two classes of Equity Securities, being Shares and unquoted Options.

(c) Formula for calculating 10% Placement Facility

Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 12 month period after the date of the annual general meeting, a number of Equity Securities calculated in accordance with the following formula:

(A x D) - E

- A is the number of fully paid ordinary securities on issue 12 months before the date of issue or agreement to issue:
- (i) (plus the number of fully paid ordinary securities issued in the 12 months under an exception in Listing Rule 7.2;
 - (ii) plus the number of partly paid ordinary securities that became fully paid in the 12 months;
 - (iii) plus the number of fully paid ordinary securities issued in the 12 months with approval of holders of shares under Listing Rule 7.1 or 7.4;
 - (iv) less the number of fully paid ordinary securities cancelled in the 12 months.

Note that A is has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%.

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under Listing Rule 7.1 or 7.4.

(d) Listing Rule 7.1 and Listing Rule 7.1A

The ability of an entity to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% placement capacity under Listing Rule 7.1.

At the date of this Notice, the Company has on issue 3,495,592,325 Shares and has a capacity to issue approximately:

- (i) 316,838,849 Equity Securities under Listing Rule 7.1; and
- (ii) 344,559,232 Equity Securities under Listing Rule 7.1A.

The actual number of Equity Securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the Equity Securities in accordance with the formula prescribed in Listing Rule 7.1A.2 (refer to (c) above).

(e) Minimum Issue Price

The issue price of Equity Securities issued under Listing Rule 7.1A must be not less than 75% of the VWAP of Equity Securities in the same class calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 trading days of the date in paragraph (i) above, the date on which the Equity Securities are issued.

(f) 10% Placement Period

Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A is valid from the date of the annual general meeting at which the approval is obtained and expires on the earlier to occur of:

- (i) the date that is 12 months after the date of the annual general meeting at which the approval is obtained; or
- (ii) the date of the approval by shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking),

(10% Placement Period).

Listing Rule 7.1A

The effect of Resolution 10 will be to allow the Directors to issue the Equity Securities under Listing Rule 7.1A during the 10% Placement Period without using the Company's 15% placement capacity under Listing Rule 7.1.

Resolution 10 is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

Specific Information required by Listing Rule 7.3A

Under Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Facility as follows:

- (a) The Equity Securities will be issued at an issue price not less than the minimum issue price calculated in accordance with (e) above.
- (b) If Resolution 10 is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, the existing Shareholders' voting power in the Company will be diluted as shown in the below table (in the case of the issue of any listed Options, only if the listed Options are exercised) to the extent Shareholders do not receive any Shares under the issue. There is a risk that:
- (i) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Meeting; and
 - (ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date or the Equity Securities are issued as part of consideration for the acquisition of a new asset, which may have an effect on the amount of funds raised or asset acquired by the issue of the Equity Securities.

The below table shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of Shares for variable "A" calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of this Notice.

The table also shows:

- (i) two examples where variable A has increased, by 50% and 100%. Variable A is based on the number of Shares the Company has on issue. The number of Shares on issue may increase as a result of issues of Shares that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders meeting; and
- (ii) two examples of where the issue price of Shares has decreased by 50% and increased by 100% as against the current market price.

Variable 'A' in Listing Rule 7.1A.2		DILUTION		
		\$0.0005 50% decrease in Issue Price	\$0.001 Issue Price	\$0.002 100% increase in Issue Price
Current Variable A (shares) 349,559,232	10% Voting Dilution	349,559,232 shares	349,559,232 shares	349,559,232 shares
	Funds raised	\$174,779	\$349,559	\$699,118

	Funds raised	\$262,169	\$524,338	\$1,048,677
100% increase in Current Variable A (shares) 699,118,464	10% Voting Dilution	699,118,464 shares	699,118,464 shares	699,118,464 shares
	Funds raised	\$349,559	\$699,118	\$1,398,236

The above table has been prepared on the following assumptions:

- (i) The Company issues the maximum number of Equity Securities available under the 10% Placement Facility;
- (ii) No Options are exercised into Shares and no Rights are converted into Shares before the date of the issue of the Equity Securities;
- (iii) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%;
- (iv) The table does not show an example of dilution that may be experienced by a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Meeting;

- (v) The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1;
 - (vi) The issue of Equity Securities under the 10% Placement Facility consists only of Shares;
 - (vii) The issue price is \$0.001, being the last trading price of the Shares on 6 October 2016.
- (c) The Company will only issue and allot the Equity Securities during the 10% Placement Period. The approval under Resolution 10 for the issue of the Equity Securities will cease to be valid in the event that Shareholders approve a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities or Listing Rule 11.2 (disposal of main undertaking)).
- (d) The Company may seek to issue the Equity Securities for the following purposes:
- (i) Non-cash consideration for the acquisition of new resources, assets and investments, or for working capital purposes. In such circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3; or
 - (ii) Cash consideration. In such circumstances, the Company intends to use the funds raised towards an acquisition of new assets or investments (including expenses associated with such acquisition), continued exploration and development expenditure on the Company's current assets and/or general working capital, consistent with the Company's publicly stated strategy.

The Company will comply with the disclosure obligations under Listing Rules 7.1A(4) and 3.10.5A upon issue of any Equity Securities.

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue under the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- (i) the methods of raising funds that are available to the Company, including but not limited to, rights issue or other issue in which existing security holders can participate;
- (ii) the effect of the issue of the Equity Securities on the control of the Company;
- (iii) the financial situation and solvency of the Company; and
- (iv) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice but may include existing substantial Shareholders and/or new Shareholders. Related Parties are not eligible to participate in issues made under Listing Rule 7.1A.

Further, if the Company is successful in acquiring new resources assets or investments, it is likely that the allottees under the 10% Placement Facility will be the vendors of the new resources assets or investments.

- (e) The Company obtained Shareholder approval under Listing Rule 7.1A at the 2015 AGM. A total of 400,629,943 Equity Securities were issued in the 12 months preceding the date of the 2016 AGM, comprising: 104,061,089 Employee Rights vested into Shares on 2 December 2015; 50,000,000 Shares issued to Auita Pty Ltd, in May 2016 (Resolution 8); 46,568,854 Employee Rights vested into Shares in July 2016; 150,000,000 unquoted Options issued to Tamarind in August 2016 (Resolution 9); and 50,000,000 Shares issued to Mac Equity Partners in August 2016 upon exercise of Options. Details of issues of Equity Securities are set out in the table below. On 30 November 2015, being the date 12 months prior to the 2016 AGM, there were 3,244,962,382 Shares, 54,500,000 Rights and 50,000,000 Options on issue, for a total number of 3,349,462,382 Equity Securities (**2015 Total**). The total of 400,629,943 Equity Securities issued since 30 November 2015 represents 12.0% of the 2015 total.
- (f) A voting exclusion statement is included in this Notice. At the date of this Notice, the Company has not approached any particular existing Shareholder or security holder or an identifiable class of existing security holder to participate in the issue of the Equity Securities. No existing Shareholder's votes will therefore be excluded under the voting exclusion in this Notice.

Recommendation

The Directors believe that Resolution 10 is in the best interests of the Company and unanimously recommend that Shareholders vote in favour.
